Product Description

Honey Moon - Let's plunder the honey pot!

If you think the moon is made of cheese, you're wrong - because its inside is made of sweets! You run a mine and try to get the delicious nibbles out. The cube becomes a drill. The higher the number of cubes, the deeper you go into the sticky rock. But only with precision can you reach the sweet prey. In the end, the moon is as full of holes as a cheese and hopefully your candy account is full to bursting.

Attention: not suitable for children under 36 months!
