Product Description

Fast and simple: Fast, because all players play at the same time. Simple, because the rules are quickly understood.

A good sense of judgement is required here: who manages to occupy the given space correctly the fastest? Two levels of difficulty provide variety and are fun for beginners and pros alike.

Including a modified game principle in which no specific laying pieces are given to solve a task. The player can choose from all 8 pieces for each task.

Caution. Not suitable for children under 36 months.
