Product Description

This combination combines the strategy games Halma and Mühle. The games have simple rules and you can start your first game immediately. Halma and Mühle offer a countless number of strategic moves and chances, so they are interesting for beginners and advanced players alike.

Halma is a strategy game for 2 to 6 people. The goal is to be the first to move your pieces to the opposite side. At the beginning of the game, the players choose their coloured pieces and place them in a star point on the board. On each turn, a piece can either be moved to an adjacent square, or it can jump over another piece or pieces if there is an empty square behind it.

Mill is a traditional strategy game for two people. The basic principle of the game is to get three pieces of one's own colour in a row. Although Mill is based on simple rules, the game offers a countless number of strategic moves.
