Product Description

Speed Hockey and Shuffle Game are two fast-paced games for young and old. Train your hand-eye coordination, concentration and dexterity while playing. In Speed Hockey, the name says it all. The task is to move your own game pieces to the opponent's side of the field with the help of the rubber band. You have to be fast and accurate, because your opponent's stones also shoot onto your side. The faster player wins the game. The shuffle game also demands skill and accuracy from the player. The task is to move your own game pieces into the scoring zone by using the rubber band. The aim is to collect the most points at the end.
