Product Description

Age of Galaxy is a pocket-sized 4X connoisseur game where you control one interstellar alliance at a time, usually consisting of three factions with unique powers.

Over the course of five rounds, you must form alliances, manage resources and take actions to score as many victory points as possible as the Galactic Fleet continues to make its way through the galaxy. Whichever of you has collected the most points at the end of the game wins.

There are many possible paths to victory, depending on your unique skill combinations and the main ideology of your alliance. During the game you will explore systems, colonise planets, research technologies and customise the tech tree on your game board, craft galactic cruisers and generate powerful combinations.

In this vast galaxy with 45 unique faction cards, the possibilities are almost endless!

Warning: not suitable for children under 36 months!
