Product Description

The mini needle file set is the ideal tool for anyone who wants to carry out fine and precise fine work on the model. The set contains six mini needle files in different shapes: flat, round, semicircular, triangular and square.

These needle files are perfect for fine chopping work in pattern making, such as creating hatching or other textured surfaces. The length of approx. 140 mm allows precise and controlled work and the different shapes of the files make it possible to adapt to different shapes and areas of the model.

This tool is ideal for modellers and hobbyists who have high demands on the precision and quality of their work and is particularly suitable for complex models or detailing work. With the mini needle file set you have everything you need for fine and precise fine work on the model.
