## Product Description

With the Revell Time Machine 3D puzzle, fans aged 10 and over can take on the role of Dr Emmett Brown and build their own time machine.

The puzzle consists of 157 pieces and is perfect for any budding scientist or film fan. The finished puzzle measures 349mm long, 157mm wide and 210mm high, making it a great display piece for any room.

The included, easy-to-follow assembly instructions make putting the time machine together a breeze. And once the puzzle is finished, fans can start their own journey through time and relive the adventure of "Back to the Future".

This 3D puzzle promotes fine motor skills, concentration and creativity in children and adults. It's a great gift for fans of the film trilogy and a must-have for any film fan.

Order the Time Machine 3D puzzle now and travel through time!
