

Item no.: 365617

Tool, replacement drill for 39064 Hand drill

from **5,32 EUR**

Item no.: 365617
shipping weight: 0.10 kg
Manufacturer: Revell

Product Description

The replacement drills for the hand drill (39064) are an indispensable accessory for all modellers who use their hand drill regularly and always want to have a replacement ready. The set contains 2x 0.7 mm, 2x 1.0 mm and 1x 1.3 mm drills, which are perfectly matched to the hole diameters commonly used by Revell.

By using high quality replacement drills, modellers can ensure that their drilling work is precise and clean. A dull drill bit can result in uneven holes and damage the model. With these replacement drills, modellers will always have fresh and sharp drills on hand, leading to a more successful and satisfying modelling experience.

Overall, the replacement drills are an essential accessory for any modeller who regularly uses the hand drill and wants to ensure that their drilling work is always precise and clean.
