Product Description

Difference takes you on an exciting hunt with fault-finding pictures! Place one card in the middle of the table and distribute the rest evenly to the players. You have to spot the two differences between your own card and the card in the middle of the table earlier than your opponents. The player who recognises his card the fastest gets rid of it. To win, you have to be the first to get rid of all your cards. With two double-sided decks showing four different pictures, you'll be on the hunt for hours!

Warning: not suitable for children under 36 months!

- Number: for 2-6 players
- Age: from 7 years
- Duration: 20+ minutes
