Product Description

This Kenworth W-900 Dump Truck model kit is a detailed replica of one of the most commonly used construction vehicles in the USA. With its realistic proportions and precise details, this model kit is an ideal pastime for modellers of all ages.

Features:

- Scale: 1:25 - accurate proportions and precise details
- Number of parts: 295 - challenging but not too complex
- Eight-cylinder engine with opening bonnet - allows detailed interior view of the engine
- Detailed interior with opening doors - adds an extra layer of realism to the model
- Tailgate opens and dump truck lifts - allows for different display options
- Rotating wheels & rubber tyres - realistic look
- Detailed chassis - solid base for the model
- Illustrated, multi-language assembly instructions and decals - easy assembly and realistic look

Background informationThe Kenworth W-900 Dump Truck is a well-known construction vehicle in the USA and is often used on construction sites. With this model kit, modellers can build a faithful replica of the vehicle and display it in their collection. Assembling the model requires some model building experience, making it an ideal challenge for experienced modellers. With a length of 331 mm and a height of 140 mm, this model is an impressive piece that will stand out in any collection.

Caution. Not suitable for children under 36 months.

- Scale:1:25
- Age recommendation:13+
- Number of parts:295
- Length:331 mm
- Height:140 mm
