### Product Description

The Master Class spray gun is a high-quality airbrush solution for anyone who wants to achieve a professional result. The spray gun is equipped with a Vario function that allows you to easily adjust the air flow and the paint flow to ensure perfect control over the airbrush technique.

The pot adapter allows for even distribution of the paint, while the two paint jars provide enough capacity to allow for longer working sessions. The included pipette and assembly spanner make the spray gun easy to use and clean.

With the Revell airbrush spray gun master-class Vario, you can let your creativity run wild and take all your projects, from detail work to camouflage painting, to a new level. The instruction manual ensures easy handling and allows a quick introduction to airbrush technology.
