

Item no.: 365616

Tool, precision saw

from **9,88 EUR**

Item no.: 365616
shipping weight: 0.10 kg
Manufacturer: Revell

Product Description

The precision saw is the ideal tool for anyone who wants to carry out precise and fine sawing work in model making. It is equipped with three interchangeable saw blades that are ideal for finer sawing work.

This tool enables precise and clean cuts to be made without damaging adjacent parts. The ability to change the saw blades means that the saw can be optimally adapted to the task in hand, allowing even more precise results to be achieved.

The precision saw is an indispensable tool for modellers and hobbyists who have high demands on the precision and quality of their work and is particularly suitable for complex models or detailing work.

Caution! Not suitable for children under 36 months.
