

Item no.: 365812

Water-based model paint, RAF WWII, 8 colours

from **20,84 EUR**

Item no.: 365812
shipping weight: 0.10 kg
Manufacturer: Revell

Product Description

From the bottle directly into the gun, without diluting. The new Model Colours are perfect for use with airbrush guns. In the "RAF WWII" version, 8 different colours are included, which are coordinated with the British "Royal Air Force" of the Second World War (including special colours only available in the set). The new Model Colours give your models the perfect original look.

- Straight from the bottle into the gun, no further thinning necessary
- Consists of 8 different colours (incl. special colours)
- Thin application by brush is also possible
- Easy dosage due to bottle tip

Scope of delivery:

- 8 special colours (17 ml) matched to the Royal Air Force WWII
- Age recommendation: 8+
