from **16,79 EUR**

Item no.: 366391  
shipping weight: 0.80 kg  
Manufacturer: Revell

### Product Description

The 1:72 scale model kit of the SR-71A Blackbird is a must for all fans of the military and space age. With 66 parts and a length of 470 mm and a wingspan of 235 mm, it offers an exact reproduction of the surface details and includes a GTD-21 surveillance drone with carriage. The model comes with authentic US Air Force lettering and peel-off markings and is cast in black and translucent material. The multilingual building instructions are illustrated and easy to understand. Recommended for children 12 years and older.

Features:

- Exactly replicated surface details
- GTD-21 surveillance drone with trolley included
- Decals with authentic US Air Force lettering
- Cast in black and translucent material

Scope of delivery:

- Plastic model kit (not assembled)
