Product Description

Doktor Bibber Junior, board game, for 2-4 players, from 3 years (DE edition).

Great fun with 2 games in 1! This Doctor Bibber Junior board game is a shape search game that "grows" with the children's abilities. The players take turns turning over shape and object cards. In level 1 there is colourful confusion, because here the children have to find the pictures on the cards on 1 of the 3 game plans (game plan freely selectable). In the advanced level 2, the game plans are turned over and connected to create a funny scene full of objects that are difficult to find. In both levels, the first person to place Paul's nose on the shape or the object found gets to keep the card. Whoever has collected the most cards at the end wins! This game is packaged plastic-free and contains 4 wooden noses made of FSC-certified wood as well as 12 shape cards, 12 object cards and 3 double-sided game plans made of FSC-certified paper materials. A fun children's game for visits, kindergarten and family game nights.

Not suitable for children under 36 months.

- Number of players: 2-4
- Game duration: 10+ minutes
- Age: from 3 years
