Product Description

"11 Takes" is based on the classic card game "6 Takes" and is just as much fun. All players start with ten cards in their hand. During the game, everyone must discard one card on top of a pile. The difference between the numerical value of the card played and the top card of the pile must not be greater than 10, otherwise it is "11 takes". Now the last person must take all the cards in a pile into their hand. The aim of the game is to get rid of all the cards first. Good luck then!
