from **8,42 EUR**

Item no.: 366495  
 shipping weight: 0.10 kg  
 Manufacturer: AMIGO Spiel + Freizeit GmbH

## Product Description

The cards are filled with cheeky sacks, bagpipes, tear sacs and also the wandering sack. Place Zacki in the middle of the table and off you go. Turn the cards over one after the other and place them in the correct row. As soon as exactly six sacks of one kind are shown on the cards, Zacki must be grabbed! This is not a game for lazy sacks, speed is of the essence here!

This is how you play Grab the Sack:

- Zacki the sack and the target tile with the 6 are placed in the middle of the table. A random card of each type of sack is placed face up around it as the start of the respective storage row
- The remaining cards are shuffled and distributed face down as evenly as possible among the players
- The player whose turn it is turns over a card and places it in front of him. All players now try to see at the same time whether exactly 6 bags of this kind are visible with the turned-over card. This is done by placing the card on the corresponding storage row or on a card that is already in this row
- If this is the case, Zacki must be grabbed quickly. As a reward, the person who snatched Zacki gets to keep all the cards of this type of bag
- If the sum of 6 cannot be formed, the card is placed in the matching row and it is the next player's turn. If there are already more than 6 sacks in the row, the new card is placed on a card with the highest value instead
- The game ends when no player has any more cards. The player with the most cards won wins

Contents:

- 60 sack cards
- 6 target tiles
- 1 Zacki the sack
- 1 game manual

Caution. Not suitable for children under 36 months.

- Age: from 8 years
- Number: for 2-5 players
- Duration: approx. 15 minutes
