Product Description

When it comes to playing with magnetic play pieces, it's all about the base! Help children bring their inspired ideas to life and build twice as big with the 2-piece baseplate pack, consisting of a blue and a green 30 cm x 30 cm high-performance magnetic building plate!

This package encourages creativity, imagination and playful learning and offers endless possibilities. As a large building plate with numerous magnetic points, base plates expand the creative potential of playing with magnetic tiles - supporting the creation of taller towers, sturdier castles and dollhouses and inspiring different forms of play such as fine motor skills and exploration of magnetism (attaching tiles to each magnetic point), symbolic play (creating ice cream/market stalls, tables and chairs for tea parties), small world play (assigning tiles as grass, ocean or sky) and mazes, to name a few.

As a quality open-ended toy, Connetix grows WITH your child as they learn and their play becomes more complex. Start your collection and add to your baseplate pack with the 212-piece Mega pack, or take your magnetic play fun to the next level with our unique 92-piece Ball Run expansion pack!

Each pack contains:

- 1x green base plate
- 1x blue base plate
- All tiles are made of non-toxic ABS plastic that is BPA and phthalate free, sealed and riveted for added safety
- Our unique bevelled design allows Connetix to be stable while providing beautiful, clear light refractions
- Connetix is compatible with other leading brands
- Recommended age: 3+ (contains magnets and small parts)
- Weight: 1.1 kg
- Dimensions: 3 x 31 x 1.7 cm
