Product Description

Insert - For Dead of Winter and Expansions: The Long Night

This insert is compatible with Dead of Winter and the expansion The Long Night. The design provides both efficient storage and improved game play. All of the trays can be utilised during the game. They greatly aid set-up and clear-away times. There is enough space for all cards to be sleeved.

When the insert is used with the original Dead of Winter game the survivor tray has four "legs" added, one to each corner. There is also a cross filler piece 1 cm deep which is placed under the zombie trays. The location cards are then placed on top of the zombie trays as a lid. When the insert is used for The Long Night, the thick location cards sit underneath (or on top should you wish) of the zombie and survivor trays. When used for The Long Night the zombie and other standees need to have the majority of their bases removed.

Attention! Not suitable for children under 36 months.

Note: It is designed for games with external box dimensions of 29.5 x 29.5 x 7.1 cm.

This product consists of a flat-pack of 4x Evacore sheets. The trays require assembly, which is quick and fun, using ordinary PVA glue. Detailed instructions are included in the package.

Attention: The game must be purchased additionally. The content of the trays on the pictures is not included!
