Product Description

Insert - For Agricola

This insert is compatible with Agricola, both the original and the revised 2016 version with the wooden animeeples. The design provides both efficient storage and improved game play. All of the trays can be utilised during the game. The rules and boards act as a lid on top of the trays.

When combined with the revised 2016 version of the game there is space for all cards to be sleeved. When used with the original version of the game there is space for two-thirds of the cards to be sleeved only.

Please note that this insert has been designed to be compatible with the Z-Man Games version of Agricola and fits boxes sized 22.5 x 31.5 x 7 cm. Some versions of the game have slightly lower boxes and in this case the lid will not close fully flush when the box is fully loaded.

Note also that with the latest Mayfair (and sister group company) versions of the game, with jigsaw multi player board pieces and a tri-folding main game board, the lid will not close flush and will rise approximately 8 mm high when the box is packed.

Attention! Not suitable for children under 36 months.

Note: It is designed for games with external box dimensions of 31.5 x 22.5 x 7 cm.

This product consists of a flat-pack of 4x Evacore sheets. The trays require assembly, which is quick and fun, using ordinary PVA glue. Detailed instructions are included in the package.

Attention: The game must be purchased additionally. The content of the trays on the pictures is not included!
