shipping weight: 0.50 kg
Manufacturer: Folded Space

Product Description

Insert - For Viticulture Essential Edition and Expansions: Tuscany Essential Edition, Moor Visitors, Visit from the Rhine Valley

The insert is compatible with Viticulture Essential Edition and its expansions Tuscany Essential Edition, Moor Visitors and Visit from the Rhine Valley.

The design provides both efficient storage and improved game play. Many of the trays can be utilised during the game and they greatly aid set-up and clear-away times. The rules and boards act as a lid on top of the trays.

Three of the construction mat tiles are stored vertically on the left hand side of the box.

There are trays for the player pieces, one for each of the six colours. The smaller section in the tray is for the special worker meeples, the victory point marker and also for approx 10 of the glass wine markers. The sixth player tray stores in this slot the grey meeples instead of the glass wine markers.

There is one large tray for coins, with separate slots for the 5 value coins. The main card trays have three slots each, one for each of the card types. The empty slots shown at the back of the trays are for the visitor cards from the Visit from the Rhine Valley expansion. All cards can be sleeved.

The large coin tray works equally as well with the metal coins available for the game.

There are two large trays for the standard sized cards from the game. In between these is a slot for the structure cards. This central slot does not have a base, so these trays should ideally be left in the box.

As mentioned above many of the trays can be used during the game to organise the components and make access by all players easy.

When clearing the game away and packing the box, the player boards go on top of the lower trays acting as a lid. On top of these the remaining three construction mat tiles go side by side. This fills the box to the height of the card trays on the top of the box. Next go the boards, one on top of the other. Lastly, the game rules go on top of the boards.

It should be noted that this is a very tightly packed box, and in order to ensure the trays have sufficient space for the components, the height when packed pushes the lid up 2 mm when closed.

Attention! Not suitable for children under 36 months.

Note: It is designed for games with external box dimensions of 27 x 22 x 10 cm.

This product consists of a flat-pack of 4x Evacore sheets. The trays require assembly, which is quick and fun, using ordinary PVA glue. Detailed instructions are included in the package.

Attention: The game must be purchased additionally. The content of the trays on the pictures is not included!

- Gross weight: 500 g
- Packaging dimensions: 25.5 x 35.5 x 2.2 cm
- Material: Evacore sheets
