Item no.: 336944  
shipping weight: 0.50 kg  
Manufacturer: Folded Space

### Product Description

Insert - For Robinson Crusoe and Expansion: Voyage of the Beagle Vol. 1

The insert is compatible with Robinson Crusoe and the Voyage of the Beagle Vol. 1 expansion.

The design provides both efficient storage and improved game play. Many of the trays can be utilised during the game and they greatly aid set-up and clear-away times. The rules and boards act as a lid on top of the trays.

The insert is arranged in two layers. Note that the island hexagon tiles and first player token are stored in between the other trays.

There are two bottom-less trays for storing large cards vertically down the sides of the box. There are two more card trays for the remaining large cards, and two separate trays for the small cards. All trays are sized to fit sleeved cards.

There are trays for storing the resource markers, dice, action pawns, and other game tokens and markers.

There are three trays from the corner of the insert for storing the wound tokens, the small Voyage of the Beagle tokens, and the additional tokens from the game. There are two large trays, one for the large Voyage of the Beagle tiles and one for the discovery and adventure tokens.

As mentioned above the token trays can be used during the game to organise the components and make access by all players easy.

This game boards need to be placed in the box in the following sequence. First go the boards and rule book from the Voyage of the Beagle expansion. Then goes the main game board, followed by the first three character sheets. The last character sheet and the scenario sheets go next, with the rulebook going on top of everything to fill the box.

The insert design works equally well with the Pegasus Spiele edition of the game which is in a similar box sized 29.4 x 29.4 x 7.2 cm.

Attention! Not suitable for children under 36 months.

**Note:** It is designed for games with external box dimensions of 29.4 x 29.4 x 7.2 cm.

This product consists of a flat-pack of 4x Evacore sheets. The trays require assembly, which is quick and fun, using ordinary PVA glue. Detailed instructions are included in the package.

Attention: The game must be purchased additionally. The content of the trays on the pictures is not included!

- Gross weight: 500 g
- Packaging dimensions: 25.5 x 35.5 x 2.2 cm
- Material: Evacore sheets
