Product Description

MAXI PLUS - Bag for 300 Miniatures

You're looking to safely store and transport your miniatures collection to the next game night? Feldherr officially declares your search over!

Our MAXI PLUS contains matching foam for up to 300 miniatures. The fine-pored foam provides reliable protection against damage – fragile parts stay intact, the color of painted models remains unharmed.

Of course, the trays fit exactly into the stable MAXI PLUS bag. The bag is made of particularly hard-wearing fabric. Padded side panels and a reinforced base additionally ensure that the contents are optimally protected from external influences even when transported by car or train. Next to the large main compartment, the bag has a smaller pocket with a zipper at the front. Game sheets, books and writing material can be stored here.

The matching foam topper completes the set. Just place it on the upper tray to make sure that nothing falls out during transport.

Attention! Not suitable for children under 36 months.

The value set contains:

- 1x Feldherr MAXI PLUS bag
- 6x Full-Size foam trays with 50 compartments each for miniatures
