Product Description

Foam Tray Set for Warhammer Underworlds: Beastgrave, Core Game Box

At first the the Katophranes' curse was limited only to the city of Shadeshire. After the Necroquake of Shyish, the first cracks in the structure of reality start to appear outside the Mirrored City. Just like under the surface of Beastgrave - a mountain, a dark and hostile landscape, or as the Fushola and the Stonespeaker people say: an eternally hungry, all-encompassing presence.

The third season of Warhammer Underworlds takes you to Ghur, the Realm of Beasts. And new warriors, new spells and new challenges await you.

With our foam set as an insert for your 'Beastgrave' core game box you are best prepared for it.

The insert fits exactly into the "Warhammer Underworlds: Beastgrave" game box and with a total of 16 compartments ensures order and protection of figures and game material.

Eleven compartments are reserved for the miniatures. Skaeth and his companions Karthaen, Althaen, Sheoch and his Malkyn Lighaen are assigned five individually tailored compartments. Grashrak's Vandals lie next to them. This brutal warband around Grashrak Fellhoof also lies in miniature-precise cut compartments.

The separate storage of the figures has not only tactical reasons. Now you can safely carry the box to the next game. The miniatures won't slip around in the box, collide with each other and sensitive parts will stay unharmed. Flaked or scratched acrylic paints are also a thing of the past.

The accessories are neatly stored in the remaining compartments.

There are two compartments for the cards. These are provided with a finger-wide recess so that you can get the decks out more easily. Of course, they also fit here with sleeves. Dice and tokens can be sorted into the compartment in the middle.

The matching foam topper completes the all-round supply and the game boards can be placed on it together with the rule book.

With it everything is clearly and safely stowed away and you are always prepared for the next battle between the wild Brayherd and the Kurnothi hunters.

Attention! Not suitable for children under 36 months.
