Product Description

Space Dragons, card game (DE), for 3-5 players, ages 10+

Ready for a flight into the galaxy of the infamous Space Dragons? Players can only become successful dragon hunters with a competent crew. They hunt seven dragons, always in competition with their competitors. But some dragons do more harm than good, so it can be worthwhile to let others go first and take care of your ship.

Because everyone should be careful that the opponents do not shoot the hull of their own spaceship. Whoever was able to score the most points after seven rounds with his crew and dragons won, is crowned top dragon hunter.

In the trick game Space Dragons, the players first draft a crew of nine cards from hand, then they try seven of them cleverly playing off so that they score as many points as possible. Whoever plays the highest card in a round wins the face-up dragon.

In contrast to other trickery games, however, there is no compulsory color and the cards played remain in front of the respective players. They bring special effects when played, but also victory points. With three double-sided scoring cards and a variant for an even faster game, a lot of variety is provided.
