Product Description

Let's Party - Community game (DE), for 4-16 players, ages 12+

Double the fun instead of either-or: Lets Party! is the name of the explosive fireworks display of funny, creative and varied game ideas that combine the highlights of the Piatnik party cracker Activity and Tick Tack Bumm. Let's party! offers drawing, representation and explanation à la Activity, Tick Tack Bumm gives the playful symbiosis its ticking bomb. The players move across the board in teams and try to convey concepts such as Geiger counter, queue or boxer shorts to the partners from their own team by drawing, verbal or pantomime. Meanwhile, the clock is ticking, each explainer has 60 seconds to explain the compound noun they are looking for to their fellow players. The highly explosive part of the game is hidden behind additional bomb playing cards, which are shuffled under the pile of terms to be explained. If such a card is on top, the Tick Tack Boom cube is used. The players now have to take turns forming words in which the given syllables appear in the correct place. Whenever a correct term has been mentioned, the ticking bomb may be passed on to a member of the opposing team. The faster that goes, the better! Because if you hold the syllable bomb in your hands while it explodes, you lose the game.
