## Product Description

Goblin Coaster - Board game, for 1-6 players, from 8 years

The Goblins would like to make their dungeon more attractive and have decided to build a really adventurous roller coaster, the Goblin Coaster. The construction site is about to open when the unbelievable happens: Because of a misunderstanding, one of the Goblins is already starting the coaster! Will the Goblins manage to build the roller coaster before the car reaches the end of the track and crashes into the depths? In this fast-paced cooperative tile-laying game, players take on the role of the Goblins and do what they can to finish the roller coaster quickly! To do so, players must attach tiles with track sections - but the next tile type is predetermined and players must quickly attach the matching track section. A fun competition against time that will (hopefully!) result in a finished roller coaster in the end!

- Funny theme for a wide target audience
