Pandemic: Hot Zone - Europe is a cooperative game. That means you all win or lose together. Each of you takes on a different role with your own special abilities. Your goal is to find three cures for the plagues. To do this, you have four actions on your turn. You can travel, treat epidemics, share knowledge, or discover a cure. Powerful event cards support you in saving Europe. To increase the level of difficulty, you can use mutation cards that have permanent effects on the plagues.
