Product Description

Similo: Wilde Tiere - Card game, for 2+ players, from 7 years (DE Edition)

What does a toucan have to do with a hummingbird or a pelican? Are they all birds, or are there other similarities? And why does it have nothing in common with a dromedary, but something in common with a chameleon?

In Similo: Wild Animals, the goal is to find a specific animal as a team. Only one player knows which of the animals on the table is the one he is looking for. He always places a card as a clue to similarities or differences. The guessers gradually eliminate one of the animals until at the end - hopefully - only the secret character is left. Elephant or bat, in Similo: Wild Animals you'll find out!

For more challenge, you can combine two different Similo sets!
