Product Description

Celestia: Neuauflage - Card game, for 2-6 players, from 8 years (DE Edition)

Fly away in the airship and search for the fabulous treasures of Celestia! But be careful, because this journey is dangerous... It's a long way from Heolia, the city of wind, across wild Kanoepa to Meiji, the most beautiful of the nine flying cities.

At the beginning of a journey, all players place their adventurer figures in the airship, and each in turn is the captain for one turn. He rolls 2 to 4 danger dice, which determine which hand cards he must discard for a safe flight (fog, lightning, damoc birds or pirates). If he succeeds, the next city is reached, if not the airship crashes. Therefore, before the captain plays cards, the other players may decide whether they want to continue flying. Whoever leaves the airship always gets the rewards of the current location - and of course these become more valuable the further one has flown. As soon as a player has collected treasures worth 50 points, the game is over.

Celestia is an exciting and simple card game for all those who love risk.

Attention! Not suitable for children under 36 months. Legal minimum age: 8, legal maximum age: 99
