Product Description

Hireling on the way - Softcover (DE Edition)

The crazy escape from the dungeon by Thomas Novose! In Hireling on the way you play the people who were hired by heroes for little money to carry stuff and take care of the work the heroes do not want to do. Now, however, these assistants are on their own: the group of heroes including hirelings have made it to the room with the boss monster, but the heroes and the boss monster have killed each other. Left on their own, the hirelings must now try to escape from the dungeon. They look for the exit room by room, but without fighting - because hirelings are not trained for that!
