Product Description

Cthulhu: nameless horror in the old world, softcover, 72 pages (DE edition)

Again it is not Mi-Go, deep beings or ghouls that you are confronted with here, but ... the unknown! In An Insatiable Desire: The investigators in the cursed port city of Dunwich in England are exposed to the strange echoes of a night that sealed the fate of everyone who lived here.

A broadcast of art: Investigators mingle with the artistic elite of Paris at the turn of the century, discovering that sometimes the price of true art is death. Both adventures come with ready-made investigators.
