Product Description

Bubble Trouble, children's game, for 1-4 players, ages 5+ (EN, DE edition)

The marine animals play hide and seek in the coral reef. There is a ravine nearby where the dreaded shark is up to mischief. Oh no, the curious seahorse swims towards the Shark Gorge! Help him and bring him back to the reef with the bubbles of the bubble anemone!

In Bubble Trouble everyone plays together and tries to bring as many marine animals as possible back to the reef. For this purpose, the bubbles have to be thrown from the reef in such a way that they land on the animals. All animals hit in this way move one step towards the reef. However, all animals not hit continue to swim towards the shark. When there are no more animals on the field, the game ends and points are awarded for all rescued animals.

Bubble Trouble is a fun game of skill that is played on the floor. It gets particularly exciting when there is a time limit.
