Product Description

Pantolino - Dice game, for 2-4 players, from 4 years

In this lovingly illustrated children's game, players try to roll as many shoes of the same color as possible for their centipedes. In your turn you can roll the dice up to three times and each time you place any number of colored dice or jokers. In each round, the dice can be exchanged for a shoe tile that matches the result. Whoever has put together the longest centipede at the end wins the game. By the way, children from 4 years of age learn how to add and subtract! For older players there is a variant in which shoes can be stolen from fellow players.
