Product Description

Gamegenic - Prime sleeves, black (100 sleeves)

Card sleeves are an essential prerequisite for protecting your valuable playing cards. These Prime Sleeves offer great protection for standard size cards and keep them from bent corners, scratches or damage from frequent shuffling. Thanks to its fine, matte back, players experience a great mix feeling and do not have to deal with slipping card clips.

The sleeves are optimized in size to ensure professional protection and are perfect for double sleeving (sleeve-in-sleeve). One pack contains 100 sleeves, which are also suitable for larger card formats.
