Product Description

Baratheon Attachments # 1 - A Song of Ice & Fire, from 14 Years (Expansion)

After the death of Robert Baratheon, many wanted to claim the Iron Throne for themselves. Two of the Baratheon family claimed the throne for themselves. Robert's brothers, Stannis and Renly, both decided it was their turn to rule. This tore the Baratheon house apart, as half scraped behind Stannis and the other half behind Renly. With House Baratheon's endless resources, both have good prospects of the King's Landing Iron Throne.

The Baratheon Attachments # 1 box set for the A Song of Ice & Fire: Tabletop Miniatures Game gives House Baratheon players a range of new options to expand their army, whether it's Stannis or Renly. Some of the units will work for both brothers, while others will only work for one of the two. These new options additionally strengthen the already well-equipped troops.

An A Song of Ice & Fire - Baratheon starter set is required.
