Product Description

Das Streben nach Glück, board game for 1 - 4 players aged 12 and up (DE-Edition)

Dreams come true in this life simulation! Play your life as you always wanted to live it: Take control of your own character from birth and experience childhood, adolescence, adulthood and even old age!

The Pursuit of Happiness was conceived by David Chircop and Adrian Abela and colourfully illustrated by Panayiotis Lyris. 2 to 4 players control their own character as in a worker placement game with wooden hourglass markers that represent the amount of time spent living. Depending on their own health and the age of the characters, this can be a different number of years for the different players.

Caution. Not suitable for children under 36 months!

- Players: 1 - 4 players, 12 years and up
- Game duration: 60 - 90 minutes
