### Product Description

#### Ill Gotten Gold Metallic Acrylic Paint 20ml Bottle

"Ill-gotten treasures profit nothing, but righteousness frees from death." Formulated as a contrasting colour to our other metallic colours. Ill Gotten Gold is not technically a colour shifting paint, but has a slight green undertone shift when used over a black primer.

Turbo Dork paints are a mixture of pigments suspended in an acrylic medium and additives that make them fast drying, water soluble when wet and water resistant when dry. The metallics contain pigments and small mica flakes that create a glitter effect on the paint surface and make it look like metal.

They are suitable for use with the airbrush, but can also be applied by hand.

Caution. Not suitable for children under 36 months.

- Size: 20 ml
