Product Description

Curacao Metallic Acrylic Paint 20ml Bottle

Like a relaxing dip in the ocean. Well, I mean the blue of the ocean in Curacao, not here on the Texas coast. That would be a terrible idea. Curacao can be used over any base colour, but works best over white, as seen in the sample photos.

Turbo Dork paints are a mixture of pigments suspended in an acrylic medium and additives that make them fast drying, water soluble when wet and water resistant when dry. The metallics contain pigments and small mica flakes that create a glitter effect on the paint surface and make it look like metal.

They are suitable for use with the airbrush, but can also be applied by hand.

Caution. Not suitable for children under 36 months.

- Size: 20 ml
