Product Description

Two Cents Metallic Acrylic Paint 20ml Bottle

A penny for my thoughts? No, let me just give you my two¢. A rich, coppery, true metallic, just don't try to spend it. It is recommended that this colour be used over a black base coat.

Turbo Dork paints are a mixture of pigments suspended in an acrylic medium and additives that make them fast drying, water soluble when wet and waterproof when dry. The metallics contain pigments and small mica flakes that create a glitter effect on the paint surface and make it look like metal.

They are suitable for use with the airbrush, but can also be applied by hand.

Caution. Not suitable for children under 36 months.
