Product Description

Assassin's Creed: Brotherhood of Venice, board game, from 14 years (DE edition)

Assassin's Creed Brotherhood of Venice is a cooperative board game set in the heart of the Italian Renaissance. The campaign consists of 26 memories and is set in Venice in 1509. Select your assassins based on their unique skills, level up as the campaign progresses and unlock new abilities for each of them!

Fight or stay incognito thanks to equipment found in chests or made by Leonardo Da Vinci. Dodge your pursuers by climbing rooftops and towers, then sync up to unlock new game elements. Bribe your enemies, use secret hideouts to escape patrols and flip mechanisms to change the layout of the level. Return to your headquarters after each memory to heal your wounds, increase your brotherhood's fame and craft special equipment.

Many surprises await you, hidden in sealed envelopes! Meet the many famous personalities you've met in the Assassin's Creed video games, as well as 4 unique personalities created especially for this game.

The Kickstarter adaptation of Assassin's Creed Brotherhood of Venice, which will be available in stores later this year, contains the same scenarios as the original version and therefore offers the same gaming experience. The game contains a wealth of materials including 5 highly detailed Assassin figurines, 139 stand-ups, 6 secret envelopes, 41 tokens and over 400 cards!

In addition, the game is extremely customisable as it includes a save system that allows the number of players to vary between campaigns and the level of play adjusts to the number of players. Assassin's Creed® Brotherhood of Venice is definitely a must-have!

- Age: from 14 years
- Number of players: 1 - 4
- Game duration: 30-60 minutes
