## Product Description

Hungry Monkey - card game, for 2-6 players, from 8 years (DE edition).

The lost bean! It happened at a time that Hungry Monkey was desperate for his breakfast, a delicious bean. He asked the other animals of the jungle for help, from Swift Sparrow to King Tiger, but no one heard his plea. But then Little Ant climbed into King Tiger's ear and urged him to help. King Tiger was terrified by the voice in his head, and ordered everyone to look for the bean. And everyone complied. Finally, Fast Sparrow found the bean, and Hungry Monkey was very happy in the end.

Hungry Monkey is a card game about getting rid of your hand cards and collecting beans. You have animal cards in your hand and in a face-down row in front of you. To win, first all the cards in your hand and then all the cards from the row must be played.

If several games are played, each game is scored with bean cards. The player with the most beans after the last game wins. In Hungry Monkey, cards with the same or a higher number can be played, resulting in powerful animal effects.

Hungry Monkey is ecofriendly. This means that it has been produced in a factory that uses only renewable energy and is made from biodegradable or recyclable elements. The cards are lovingly decorated with independent illustrations.

Caution. Not suitable for children under 36 months!

- Age: from 8 years
- Number of players: 2 - 6
- Game duration: 15 minutes
