Product Description

Codenames XXL, quiz game, for 2-8 players, from 10 years (DE edition)

The exciting quiz game for clever agent teams. Each team has to find certain words, as the agents of their colour are hidden behind these code names. Only the respective secret service chiefs of each team know the words they are looking for and have to put their team on the right track with clever clues. However, they are only allowed to reveal a little. The team that finds all its agents first wins.

Codenames, which was awarded Game of the Year 2016, offers small and large groups fun with clever thinking around corners. Double the size for double the fun!

Get ready for a huge Codenames party with Codenames XXL. Codenames, the multi-award winning social word game, becomes an even "bigger" hit! This double-sized version of the 2016 Game of the Year winner is ready to be played by larger groups - better visibility and, above all, lots of fun.

Caution! Not suitable for children under 36 months!
