Product Description

Draw the Line - quiz game, for 4-8 players, from 10 years (DE edition)

Draw the Line is a party game played in teams of 2 and simultaneously. The first team to win 3 rounds wins the game.

Each team consists of one drawer and one guesser. The draughtsmen have to draw the riddle word of the round by connecting symbols on their sketch pad. Then they pantomime these symbols to their guesser (with or without sounds, but without words!). The guessers connect the symbols that their sketchers pantomime to trace the puzzle picture. Speed is the key to victory, as the team that guesses the puzzle word first wins!

Draw The Line is a very versatile game that does not require any drawing skills. The simple rules and quick set-up make every game fun! Where do you draw the line?

Caution. Not suitable for children under 36 months!
