Product Description

Dragon black & adorable, dice bag.

Take good care of this hatchling. It's not every day you get the chance to see such adorableness. This wonderful dice bag is made from sturdy cotton dyed black, and the front is adorned with a full colour print of a small dragon curled around the D20 polyhedron. Securely closed with a heavy duty cord, it is capable of holding up to 25 standard size dice.

This dice bag is a great argument when it comes to changing the reputation of dragons - it allows them to be adored by people who prefer a much softer and fluffier feel to the story. After all, the usual motifs of epic, battle, darkness, terror and danger have their limits of usability, don't they? Durable cotton protects your treasures inside; the image of a wrmiling softens your heart and draws the eyes of all admirers of cute little creatures.

Caution. Not suitable for children under 36 months.
