Official Dice Set for HORROR ON THE ORIENT EXPRESS Call of Cthulhu Roleplaying game. Beginning in 1920s London, the investigators journey to Paris an thence to the ancient city of Constantinople. With luck, they also return home.

WORKSHOP welcomes you aboard the Orient Express. Others can give you coffee and croissant. We give you a chance to take this elegant dice set, made with high quality plastic, and put it all vabanque. With our dice every roll can save your character, and maybe, only maybe, save the world in the epic campaign from Chaosium: Horror on the Orient Express for Call of Cthulhu 7th Edition Roleplaying Game.

You decide if number Seven (the number of dice counts our set) brings you luck. We choose the noble black and purple as a main theme for dice with mastercrafted engravings. All dice faces recall the ultimate experiences of luxury travels with the legendary train that roams across Europe in Age of Ladies and Gentlemen, sophisticated Killers too. After you succeed in your journey, you can keep the dice for future adventures. They are worth it.

We are proud of our luxury dice set and the chance to present it to you. It was a great opportunity to craft such a remarkable game tool, and we hope that it can be something more too. Our dice are for gamers elite, the paragons of all roleplaying games fans. We know that the mood, best stories and characters with deep personalities count for you. When you take our Orient Express Dice in your hand, during your journey trough Europe in Roaring Twenties, you can experience the whole insanity, terror, mysteries and blasphemous power of Elder Ones, all with a deep feeling of the long lost sophisticated lifestyle with a slight taste of decadence.

You and your dice will travel through the rainy streets of mysterious London, where one man die not one but three times in the row, through the bloody secrets of Paris, where old nightmare is still present, Milan with all that music and cursed sounds, Venice, where all dreams are nightmares, to Istanbul, where the ancient evil lurks and world is on the brink of doom. You make the rolls, you can save us all. You and your dice are the only hope of mankind. Help us win with this master set.
