Product Description

Vampire Basic Dice Bag, beige & black

We have a variety of bags, prepared especially for your dice. Whether you are a fan of zombies, elves or battle games, we have something for you!

Everyone seems to think that a dice bag is just a purse. A bag with a string that allows the dice not to fly loose in a backpack. However, this ordinary object is the basic cover of your beloved sets. It's a cloth armor for all these happy polyhedral dice that help players defeat the dragon, cast a fireball, captivate the evil troll, lull the manticores and resurrect the skeletons' legion to get medieval on their "rear parts". Such a dice bag must be durable, nice and suitable for the character's characteristics.

Q WORKSHOP has embraced a new technology and we have a product with a durable print made of a perfect cotton fabric that will last for years. The cord has been made from a synthetic spider web (we respect the arachnophobia of some gamers and we do not want to torment the endangered species of large spiders, like children of the Shelob). We made these bags having in mind your dice, which we respect as our own. You know that dice are our passion.

Our Basic Vampiric Beige and Black Dice Bag from Best Cotton with Durable Drawstring is so good that deserved this very long name, like any vampire count or another noble undead. We decorated this Dice Bag with vampiric crest printed with noble black paint. This bag points out that maybe you started your career only as a vampire fan, but you choose the best and you care for your dice, all of them.

This is a basic, but a very durable beige model of our dice bags from vampire series, with only black print. Basic dice bags are a budget option suggested for beginners. Made of thinner fabric and with the string on the one side only.

Caution! Not suitable for children under 3 years, as small parts may be swallowed. Danger of suffocation.
