### Product Description

#### St. Patrick Modern Dice Set: Lucky Charm

What a fluke! Q WORKSHOP proudly presents the St. Patrick Modern Dice Set: Lucky Charm. Seven green polyhedrons with yellow engravings (including Modern D4) show different symbols on each of them: a four-leaf clover, a pot of gold, a pipe, a hat, a horseshoe, a mug, and a shamrock! All this to bring you as much luck as possible during your dice rolls!

St. Patrick's Day is a special holiday during which certain phenomena are easy to observe. People wear green and yellow colours, pin clovers to themselves, and wear specific hats. They drink green beverages, sing joyful songs, and celebrate in a friendly atmosphere, often in pubs and bars with an Irish setting. St. Patrick's Day is inextricably associated with Ireland and the leprechauns.

In Irish mythology, leprechauns are mischievous gnomes who, among other things, make shoes. Their most widespread, modern image is based on green clothing, a buckled hat, a red beard, an inherent pipe, and the proverbial pot of gold at the end of the rainbow (as they're the stern guardians of extraordinary riches). Hence the colour theme of the St. Patrick Modern Dice Set: Lucky Charm is green and yellow, like a leprechaun coat and the gold it protects!

Each dice has unique engravings: the Modern D4 has a four-leaf clover, and the D00 has the horseshoe - both symbols of good luck; on the faces of the D6, you will find a pot full of gold; there is a leprechaun's pipe on the D8, and his hat adorns the faces of the D10; the D12 carries the symbol of a mug full of frothy beverage; on the D20 you will see a symbol of a three-leaf clover, a shamrock in other words! Each dice also has tiny sparkles on its faces, symbolizing a truly magical power of attracting good fortune!

You will find all these symbols easily in RPG games - either as bringing good luck or at least announcing an extraordinary adventure!

Let's face it: any game requires luck from time to time. With that in mind, there is nothing better than dice with symbols meant to attract good fortune! When combined with the vivid green colour of hope and the inspirational yellow colour, only good things can come out of this elixir. You will no longer need any other amulet or any small rituals that attract the gracious eye of your fortune. These polyhedrons are all you want! Fortunately, you'll already have them in your hands, ready and able to grant unbelievable crits to your rolls!
