Product Description

Elvish Dice Pouch, beige and black

This dice pouch is enchanted with ancient elvish magic that imbues dice with the power of these most beloved guardians of Mother Nature.

Everyone seems to think that a dice bag is just a purse. A bag with a string that allows the dice not to fly loose in a backpack. However, this ordinary object is the basic cover of your beloved sets. It's a cloth armor for all these happy polyhedral dice that help players defeat the dragon, cast a fireball, captivate the evil troll, lull the manticores and resurrect the skeletons' legion to get medieval on their "rear parts". Such a dice bag must be durable, nice and suitable for the character's characteristics.

Q WORKSHOP has embraced a new technology and we have a product with a durable print made of a perfect cotton fabric that will last for years. The cord has been made from a synthetic spider web (we respect the arachnophobia of some gamers and we do not want to torment the endangered species of large spiders, like children of the Shelob). We made these bags having in mind your dice, which we respect as our own. You know that dice are our passion.

This dice pouch is enchanted with ancient forest magic that imbues dice with the power of Mother Earth and her wrath for all enemy of nature. If you are real, not prodigal son or daughter of Primeval forces and you would fight to the last drop of blood for saving the forest, glades and all plants, this dice bag is destined for you and your elvish or forest dice.

This Elvish Dice Pouch is made of thick beige fine cotton and printed with noble black paint. We choose elvish runes, as a motto for the user and guarding spell – "Learn from yesterday, live for today, hope for tomorrow". You should be proud of wearing this inscription because this is the sign that you really respect Mother Earth and primeval wisdom that you find in souls of the oldest trees. This is a very safe bag because string with welt holds firmly all that you put inside.

Caution! Not suitable for children under 3 years, as small parts may be swallowed. Danger of suffocation.
