Product Description

The Imperial Dark Troopers expansion pack introduces the highly durable and mechanised fighters to the world of Star Wars™: Legion. Thanks to their armour and flying ability, an encounter with the Dark Troopers ends fatally for most fighters and only the most powerful warrior is able to take out an entire platoon.

The unit expansion contains seven highly detailed, unpainted miniatures as well as a new unit card, five upgrade cards and markers. It can be used for the Galactic Empire faction army.

A base game of Star Wars: Legion is required to play.

- Quantity: for 2 players
- Age: from 14 years
- Duration: 120+ minutes
